PROVEN OIL LAND IS NOW DEFINED

the discovery of a well thereon will not entitle such taxpayer to revalt not entitle such taxpayer to revalue such well for the purpose of depletion allowances, unless the tract or lease had been acquired before it became proven. And even though a well is brought in on a tract or lease not included in a proven area as heretofore defined, nevertheless it may not entitle the owner of the tract or lease in which such well is located to revaluation for depletion. tract or lease in which such well to located to revaluation for depiction purposes, if such tract or lease lies within a compact area which is im-mediately surrounded by proven land, and the geologic structural conditions on or under the land so conditions on or under the land so inclosed may reasonably warrant the belief that the oil or gas of the proven areas extends thereunder. Under such elecumstances the entire area is to be regarded as proven land.

(3) The "property" which may be valued after discovery is the "well." For the purposes of these sections the "well" is the drill hole, the surface necessary for the drilling.

gas content of the particular sand, zone or reservoir (linestone, breedia, crevice, etc.) in which the discovery was made by the drilling and from which the production is drawn, to the limit of the laxpayer's private bounding lines, but not beyond the limits of the proven area as heretofore provided.

(4). A taxpayer to be entitled to gas content of the particular sand.

(4). A taxpayer to be entitled to revalue his property after March 1. 1913, for the purpose of depletion allowances must make a "discovery after said date and such discovery must result in the fair market value of the property becoming disprepor clonate to the cost. The fair marke value of the property will be deeme value of the property will be deemed to have become disproportionate to the cost when the output of such well of oil or gas affords a reasonable expectation of returning to the taxpayer an amount materially in excess of the cost of the land or lease if acquired since March 1, 1913, or its fair market value on March 1, 1913, if acquired prior therein, plus the cost of exploration and development work to the line like well was ent work to the time the well wa
